PROVINCIAL SECRETARY'S ACT.

This is the parent Act under which the powers of the department have their being. Under the authority of this Act all commissions and certificates under provincial seal are issued. The provincial secretary is the keeper of the Great Seal of the Province of Saskatchewan.

CORPORATIONS TAXATION AND RAILWAYS TAXATION ACTS.

The collection of the taxes prescribed under these Acts is an important part of the work of this department and entails no little bookkeeping and correspondence.

LIBEL AND SLANDER ACT.

All newspapers published in the province are required under this Act to register with the department the name of the proprietor, printer and publisher.

CEMETERIES ACT.

An easy method is provided by this Act for incorporating cemetery companies free of expense.

MECHANICS AND LITERARY INSTITUTES AND PUBLIC LIBRARIES ACTS.

Under the provisions of these Acts the government pays, up to a certain amount, dollar for dollar for the amount actually paid by the institute or library in the purchase of books, magazines or newspapers. Each year wider advantage is taken of the provisions of these Acts.

MARRIAGE ACT.

The department appoints all issuers of marriage licenses and furnishes them with the blank licenses they require. Each year the number of licenses issued increases in the ratio of increased population of the province.

AUCTIONEER LICENSES.

This year the amendment to The Auctioneers' Act came into force by which the fees were increased in the case of those holding sales in incorporated cities and towns.

HAWKERS AND PEDLERS ACT.

Under this Act authority is given for collecting a license fee of \$25 annually.

REGULATION OF SPEED AND OPERATION OF VEHICLES ON HIGHWAYS.

Under this Act all motor vehicles are required to take out an annual license. The department provides number plates which differ in colour year by year. Two inspectors are employed by the department to enforce, so far as may be, the operation of this Act.

REGULATION OF MEANS OF EGRESS FROM PUBLIC BUILDINGS.

This Act and the regulations made thereunder enforce proper means of egress from all public buildings to minimise danger in case of fire or panic. The regulations further provide for the installation of proper apparatus for exhibiting moving pictures. An experienced inspector visits all points in the province to see that these regulations are obeyed. All films shown in the province have to be submitted to a board of censors who make a careful examination of all reels and either stamp them with approval or reject them.

REGULATION OF POOL AND BILLIARD ROOMS, BOWLING ALLEYS AND RESTAURANTS.

Four inspectors are constantly employed to visit these places and see that they are kept in proper order and that the proprietor is provided with a provincial license.

CIRCUSES AND TRAVELLING SHOWS.

All circuses and travelling shows are required to take out a license the cost of which is graduated on the number of cars used to transport them.

FIRE INSURANCE, SUPPRESSION, AND PREVENTION OF FIRES.

Up to the end of the current year the deputy provincial secretary has held the appointment of superintendent of insurance and in addition to licensing all fire insurance companies has been responsible for the enforcement of the Act but owing to the general increase in every branch

of the departmental work he now finds it necessary to resign the supervision of this branch into the hands of an official specially appointed for this purpose.

Attached will be found a summary of the various branches of the department together with the reports of the registrar of joint stock companies and the superintendent of insurance.
